SEAMLESS OPPORTUNITIES HELPS YOU MAKE MORE OF THE ACT! SALES PIPELINE THROUGH THE OPPORTUNITIES FEATURE.

THE CLOCK'S TICKING

Respond to enquiries and order requests quickly. Ensure that essential information is standardised and consistently applied throughout your business by those preparing quotes and proposals.

TAKE TO THE FIELD

Output your quote into richer Microsoft® Word templates. Merge any field from Contacts, Opportunities, Companies or Seamless Opportunities tables.

NEVER LOSE TRACK OF AN ENQUIRY

Make more of ACT! reports and management tools by providing it with data which is meaningful to you.

IN ACT! WITH ACT!

Seamless Opportunities is embedded within ACT! All you do is done within the ACT! program. Your quotes sit within the ACT! sales pipeline. You can run it with remote ACT! databases too.

WORK THAT BRAND

Design your own quotations, tenders and proposals, choose from a gallery of templates or let us create them to your specific requirements. Customise as much or as little as you want.

LOOK AFTER EVERY PENNY, PESETA AND CENT

Quote in any currency and convert sales data back to your company currency. Seamless Opportunities' multi-currency feature makes it easy to quote customers in the currency of your choice.

BETTER PRODUCT MANAGEMENT

Set up and use as many product properties as you need. Create special products and services on the fly.

PITCH-URE PERFECT

Add product images and service logos to your product list and include them as a visual reference in your quotations, tenders and proposals.

ANTIME, ANYWHERE

Whether you're in the office or working remotely it's never been easier to create and send quotations and proposals. Your team can access Seamless Opportunities wherever they are.
